Overhead glittered the stars of a cloud-Overhead glittered the stars of a cloudless sky in June, and the full moon
beamed enchantingly on a landscape
wrapped in repose. Not a breath ruffled

of interest.

Atchison, Burlington and Rock Island fairly monopolized the attention of operators during the greater portion of the day. Late in the day Northwesters and Missouri Pacific were stacked and both yielded readily, but neither shows a material loss for the day. Among the rest of the list there was considerable strength shown in Chesapsake & Ohio, but the remainder were duil and stagnant throughout. The market finally closed rather heavy, with most slocks at close to the opening figures. The final changes are irregular though declines are somewhat more numerous than gains, and principally for irrational amounts.
